

COA

Project Title: COA Project
Date of Project: 22-02-2007

Specific need that the project will address:

We are helping the asylumseekers in the asylum seekers centre in Emmen, who won't get a status, with the development of their skills on the fields of ICT and entrepreneurship, so they have more chances when they leave the Netherlands.

Target audience:

Asylumseekers in the asylumseekers centre in Emmen who won't get a status (approximately 125). Age range 18-60

Learning objectives to be achieved by the participants:

To stimulate the asylum seekers on working actively on their future and thereby increasing their chances to get a job or occupation.

Project description/overview:

A electronic learning environment with courses on ICT and entrepreneurship combined with workshops / lessons on the same subjects.

Project partners:

Agency for the Reception of Asylum Seekers (dutch: Centraal Orgaan opvang Asielzoekers - COA).

Measurability (pre/post tests):

1. Number of courses taken
2. Hits on the Electronic Learning Environment
3. Asylum Seekers attending courses and workshops

Total students involved: 6
